

2016-2017 WELDON ELEMENTARY GLOBAL ACADEMY

Join us as we engage in brighter opportunities and experiences for students at Weldon Elementary Global Academy. All of our children (K-4) will be involved in exciting international learning activities as we expose them to meaningful and engaging curriculum that will enhance their global awareness.

Kindergarten students will have the option to apply for participation in our Spanish Immersion (SPLASH) program. This program provides students with an enriched learning experience by teaching students core academic content in two languages: English and Spanish.
